INSTRUCTIONS

1. Place the NCR pattern on the plate and trace over the lines pressing firmly to transfer the pattern onto the plate.
2. Paint a heavy coat of Blue Lagoon onto the hand and place it on the plate so it overlaps with the football and the background of the plate.
3. Fill in the background with 3 coats of Sky Blue, painting around the hand.
4. Paint in the space around the laces with 3 coats of Chocolate, painting around the hand.
5. Fill in the rest of the ball with 3 coats of Red Rocks, painting around the handprint,
6. Water down Licorice paint with 50% water to 50% paint. Use a liner brush to create a funky broken outline around the ball.
7. When the background is dry, use a marker to sketch out the writing.
8. Use a detail or liner brush to apply one coat of Licorice to the writing.

TIPS

- The harder you press on the brush the heavier the lines will be.
- 3 coats of paint will give you a solid color.
- When stamping the hand, position the fingers to where they look like they're holding the ball.
